HASKIN DOES HAWAII GOOD

Promotion Committee to Use
His Articles on the
Islands.

Honolulu, July 2, 1908.

Chairmen and Members of the Hawaii Promotion Committee.

Gentlemen—Mr. Frederic J. Haskin having cabled us permission to reprint his letters on Hawaii, our office force is now arranging to get out some 15,000 special postal cards containing extracts from Mr. Haskin's letter, descriptive of the beauties of the Islands, which we will send to every agent of the following railway lines:

Canadian Pacific, Chicago, Milwaukee & St. Paul, Chicago & Northwestern, Northern Pacific, Great Northern, Salt Lake, Santa Fe, Burlington Route, Rock Island, Denver & Rio Grande, Southern Pacific, Union Pacific, Oregon Short Line, Illinois Central.

These cards will reach their destination at a time when the mainland press will be full of the doings of the Atlantic fleet at Honolulu, and will, I feel assured, prove of value in influencing the coming fall and winter travel. We will follow up this message with another card in October, covering the same ground, after the crops have been harvested and before the farmers and others throughout the West and Northwest have fully made up their plans for the coming winter trip. Our latest information is to the effect that the prospects for big and profitable crops on the mainland are good, and in consequence we have reason to expect the heaviest travel to Hawaii the coming season that we have ever enjoyed.

By the last mail we received a late directory of the city of St. Louis, forwarded by the Merchants' Exchange of that city. Letters also came to hand from the Commercial Club of Omaha, the Chicago Association of Commerce, and the Vancouver, British Columbia, Tourist Association, stating that the latest directories of those cities would be forwarded early in July.

A letter from Mr. Tom Richardson, manager of the Portland Commercial Club, congratulates us upon the wide advertising we have received through the Haskin letters. Portland's progressive club has just moved into its new building, which was erected at a cost of \$400,000.

A letter from Mr. A. C. Brajen, a well-known lecturer, states that he will arrive in Honolulu by the Siberia August 17, for a two weeks' visit, on a tour around the world, and while here will secure material for a lecture on Hawaii.

Mr. Geo. Myers of N. S. Sachs Company writes from New York that the folders we sent him were quickly distributed, and asks for a larger consignment, which will go forward by the Korea, July 9.

A letter from C. S. Hammond and Company of New York, stated that our third edition of the map, "Crossroads of the Pacific," would be shipped on June 20.

Regarding our news sheets, the manager of The Courant, Hartford, Conn., thanks us for the service and asks for its continuance. The editor of the Cripple Creek (Colo.) Times says: "We are clipping frequently from the sheets sent out by your press news bureau,

and shall be glad to have you continue sending them."

The manager of the South Bend Tribune, South Bend, Indiana, writes: "We wish to thank you for the Hawaiian publicity sheet which you are sending us. We trust that you will continue to send this matter, as we believe it contains much of interest to the people on this side of the Pacific."

The managing editor of The World, Lawrence, Kansas, writes: "Your press letter received. It is good stuff, and I should be sorry to have it cease. Am using rather liberally from it from time to time. The service is a good thing, in my opinion, both for you and for us."

The manager of the Denver Post writes: "We have your news bulletin of May 30. In reply, will say that we will be only too glad to have you continue sending us this service, as we find it very fine. Yesterday we used the article on the Cowboy Riders."

The editor of the Idaho Republican, published at Blackfoot, Idaho, writes that he ran the cut of "The Crossroads of the Pacific" loaned him by us, and that he makes frequent use of our matter.

Joe Mitchell Chapple, editor of The National Magazine, writes under date of June 12: "Your regular press sheet received, in which I have been much interested. I hope some time during the coming year to make a trip to Hawaii, and if so, want to have the hearty cooperation of the Hawaii Promotion Committee for printing twenty to forty pages of handsome illustrated material of my own concerning Honolulu. I think it will be equivalent to the splendid work we did on the Panama issue and the Canadian Northwest, copies of which I am sending you, under another cover. Will have the magazines sent you regularly so as to keep you posted. With cordial best wishes, believe me, "Sincerely yours,

JOE MITCHELL CHAPPLE."

The Railway and Marine News of Seattle acknowledges receipt of our service and asks for a special article, which is now being prepared for them. Many other letters are to hand from different publications, daily, weekly and monthly, but the foregoing will tend to show how generally the ground has been covered and the manner in which our news service has been received.

Respectfully submitted,
H. P. WOOD,
Secretary.

BOYS' CAMP IN CASTLE GROUNDS

The "Evening in Camp" at Mr. Geo. Castle's place, Waikiki, has been postponed till Wednesday next. This will give an opportunity to those who are spending the holiday out of town to accept the invitation.

ART THEATER.

The pictures shown at this place this week are very amusing. The man who could not keep awake and the chap who is continually falling from his horse are very good and the latter keeps the audience guessing as to his keeping breath in his body. The auto race from Paris to Dieppe is full of exciting incidents and is one of the best pictures shown at the Art. Admission, five cents for children and from ten to twenty-five cents, according to location for adults.

BLOODLESS PEOPLE

Hundreds Are Suffering From
Anaemia and Don't Know It.

The Disease Approaches Stealthily,
The Decline in Health Is Gradual
and Unless the Tonic Treatment
Is Taken May End Fatally.

Nothing in medical science is more direct and more reasonably certain than the action of Dr. Williams' Pink Pills in cases of anaemia, a disease which is literally a condition approaching bloodlessness and which if neglected, inevitably results in decline and death. Anaemia is stealthy in approaching its victim and often is well advanced before it is detected. On this account it is necessary to begin treatment as soon as the first symptoms are noted.

Mrs. Elizabeth Barnett, of 505 Ashland avenue, Buffalo, N. Y., was cured by these pills. She says:

"During the spring of three years ago I began to suffer with anaemia. I was overworked and did not rest nor derive nourishment from my food. Everything I ate felt heavy in my stomach, gas formed on it and I had no appetite. My hands and feet were cold. I was troubled with dizzy spells and my lips and cheeks turned white. I had severe backaches at times and it was hard work for me to bend or stoop over to pick up anything. My sleep was restless, my head ached a great deal and I grew quite weak."

"I was sick about a year before I began to try Dr. Williams' Pink Pills. They soon helped me and I used them until cured. My appetite became hearty, I grew strong and have since been entirely well. We consider the pills the best blood-builder and tonic medicine to be had."

Dr. Williams' Pink Pills are the greatest builder of rich, new blood and they have been curing anaemia and other blood diseases for nearly a generation, during which time they have come to be recognized as an invaluable household remedy.

A valuable booklet, "Diseases of the Blood," containing fuller information about anaemia, rheumatism and other diseases of the blood will be sent free upon request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.
